## VSP-3 G Benefits

## In-network providers

Most eye doctors are in VSP's Signature network. Staying in-network makes sure you get the most value from your benefits and limits your out-of-pocket costs. In-network doctors bill VSP directly as a convenience to you. A directory of Signature network doctors is available at www.messa.org or www.vsp.com. Call VSP member services at 800.877 .7195 for assistance.

Out-of-network providers
(Maximum reimbursement to patient)

If you choose to see a doctor who is not in the VSP Signature network, your out-of-pocket costs will likely be higher and you must submit the itemized receipts to VSP for reimbursement. For more information, visit www.vsp.com or call VSP member senvices at 900.977 .7195 .

## Health Savings Accounts

Health savings accounts (HSAs) are a great way to save money and budget for qualified medical expenses. HSAs are tax-advantaged savings accounts that accompany high-deductible health plans such as the MESSA ABC Plan(s) offered. High deductible health plans (HDHPs) offer lower monthly premiums in exchange for a higher deductible (the amount you pay before insurance kicks in). RCS uses Health Equity as the HSA Administrator.

## What are the benefits of an HSA?

There are many benefits of using an HSA, including the following:

- It saves you money. HDHPs have lower monthly premiums, meaning less money is being taken out of your paycheck.
- It is portable. The money in your HSA is carried over from year to year and is yours to keep, even if you leave the company.
- It is a tax-saver-HSA contributions are made with pre-tax dollars. Since your taxable income is decreased by your contributions, you'll pay less in taxes.

The maximum amount that you can contribute to an HSA in 2022 is $\$ 3,650$ for individual coverage and $\$ 7,300$ for family coverage. Additionally, if you are age 55 or older, you may make an additional "catchup" contribution of $\$ 1,000$. You may change your contribution amount at any time throughout the year as long as you don't exceed the annual maximum.

Only employees enrolled in any of the MESSA high deductible ABC Medical Plans are eligible to participate in the HSA.

## HSA Example:

Justin is a healthy 28-year-old single man who contributes $\$ 1,000$ each year to his HSA. His plan's annual deductible is $\$ 1,400$ for individual coverage. Here is a look at the first two years of Justin's HSA plan, assuming the use of in-network providers. (This example only includes HSA contribution amounts and does not reflect any investment earnings.)

| Year 1 |  | Year 2 |  |
| :---: | :---: | :---: | :---: |
| HSA Balance | \$1,000 | HSA Balance | \$1,850 |
| Total Expenses: <br> - Prescription drugs: \$150 | (-\$150) | Total Expenses: <br> - Office visits: \$100 <br> - Prescription drugs: <br> \$200 <br> - Preventive care <br> services: \$0 <br> (covered by insurance) | (-\$300) |
| HSA Rollover to Year 2 | \$850 | HSA Rollover to Year 3 | \$1,550 |
| Since Justin did not spend all of his HSA dollars, he did not need to pay any additional amounts out-of-pocket this year. |  | Once again, since Justin did not spend all of his HSA dollars, he did not need to pay any additional amounts out-of-pocket this year. |  |

## Flexible Spending Accounts

Paying for health care can be stressful. That's why RCS offers an employer-sponsored flexible spending account (FSA) administered by MESSA OptionALL. Two types of FSA's are available through OptionALL: Health Reimbursement FSA and Dependent Care FSA.

## What are the benefits of an FSA?

There are a variety of different benefits of using an FSA, including the following:

- It saves you money. Allows you put aside money tax-free that can be used for qualified medical expenses.
- It's a tax-saver. Since your taxable income is decreased by your contributions, you'll pay less in taxes.
- It is flexible. You can use your FSA funds at any time, even if it's the beginning of the year.

You cannot stockpile money in your FSA. If you do not use it, you lose it. You should only contribute the amount of money you expect to pay out of pocket that year.

## Health Reimbursement FSA

Health Reimbursement FSAs allow you to contribute pre-tax dollars to qualified health care. The maximum amount you may contribute each year is $\$ 2,750$.

Employees enrolled in any of the MESSA medical, dental, or vision plans are eligible to participate in the FSA, however, those enrolled in MESSA's high deductible ABC Medical Plans, have the option of enrolling in either the FSA or HSA plan, not both.

## Dependent care FSA?

Dependent Care FSAs allow you to contribute pre-tax dollars to qualified dependent care. The maximum amount you may contribute each year is $\$ 5,000$.

## FSA Example:

FSAs provide you with an important tax advantage that can help you pay for health care expenses on a pretax basis. Due to the personal tax savings you incur, your spendable income will increase. The example that follows illustrates how an FSA can save money.
Bob and Jane have a combined annual gross income of \$45,000 and expect to spend \$3,000 in eligible medical expenses in the plan year. They decide to direct a total of $\$ 2,750$ (maximum allowed per individual, for that taxable year) into their FSAs..

|  | Without FSA | With FSA |
| :---: | :---: | :---: |
| Gross income | $\mathbf{\$ 4 5 , 0 0 0}$ | $\$ 45,000$ |
| FSA contributions | $\$ 0$ | $(-\$ 2,750)$ |
| Gross income | $\$ 45,000$ | $\$ 42,250$ |
| Estimated taxes | $(-\$ 5,532)^{*}$ | $(-\$ 4,999)^{*}$ |
| After-tax earnings | $\$ 39,468$ | $\$ 37,251$ |
| Eligible out-of-pocket expenses | $(-\$ 3,000)$ | $(-\$ 400)$ |
| Remaining spendable income | $\$ 36,468$ | $\$ 36,851$ |
| Spendable income increase | -- | $\$ 383$ |

|  | HSA <br> Healih savings account | Flexible spending account |
| :---: | :---: | :---: |
| What is it? | Tax-advantaged account owned by employee that allows the account holder to save and pay for qualified medical expenses | Tax-advantaged account owned by employer that allows employee to pay for qualified medical expenses |
